

TL AND BIG Z UPGRADE

Broilers • Broiler Breeder/Parent • Broiler Breeder/Parent Pullets • Commercial Layers • Commercial Layer Breeder/Parent • Commercial Layer Pullets • Ducks • Duck Breeder/Parent • Geese • Goose Breeder/Parent

Upgrade to Ziggity Drinkers and enjoy better results.

PROVEN BENEFITS:

Utilizes existing water pipes to save money / Upgrades older systems to latest technology for healthier birds / Improves bird performance / Keeps litter, slats and pits dry

If your watering system is getting old or doesn't perform up to expectations, you probably don't have to replace the entire watering system. By upgrading to state-of-the-art Ziggity drinkers you can achieve

significant improvement in bird, litter and system performance, while reducing energy costs. Upgrading to Ziggity is as simple as changing a light bulb, see below.

LUBING® SYSTEM UPGRADE

1 Remove your old Lubing® nipple and catch cup.

2 Attach Ziggity TL or Big Z saddle adapter.

3 Install the Ziggity TL or Big Z drinker.

CHORE-TIME® SYSTEM UPGRADE

1 Remove your old Chore-Time® nipple.

2 Attach the Ziggity adapter.

3 Install the Ziggity TL drinker.

PLASSON® SYSTEM UPGRADE

1 Remove your old Plasson® nipple.

2 Attach the Ziggity adapter.

3 Install the Ziggity TL drinker.

Engineered for top performance.

Designed for broilers of any size, layers and other types of birds. Ziggity drinkers deliver the water birds need without oversupply while keeping litter, slats or pits dry. That's the best formula for improved performance plus it helps you lower ventilation and heating costs.

Far bigger than standard drinkers, Big Z is specifically made for bigger birds. The most wear-resistant drinker available, Big Z stands up to aggressive birds while delivering all the hygienic water they need without spillage.

TL Drinker

- Concave trigger pin provides easy bird activation.
- Drinker design ensures that the birds receive the right amount of water, without spillage, throughout the production cycle.
- Corrosion-resistant stainless steel components for long life.

The Ultimate Upgrade

Installing Ziggity drinkers is a great start. You can further improve bird and litter performance by upgrading to Ziggity regulators and end assemblies. It's the best way to benefit from Ziggity technology, and enjoy years of problem-free service, without paying for a completely new watering system.

10-Year

Prorated Drinker Warranty
Illustrates our commitment to the quality of Ziggity drinkers.

Regulator

Delivers high water volume at the low pressure required for no-spill drinking. Built-in flush valve makes for easy removal of sediment, biofilm and air.

Solenoid Regulator

For automatic and unattended system flushing – requires connection to a controller or timer with a 24 VAC output.

End Assembly

Opens automatically during the flush mode for easy and effective flushing.

Ready to Upgrade?
